# VOLF

VOLF completes the beauty of the classic and luxurious comfort like first-class

• Award

**VOLF completes the beauty of the classic and luxurious comfort like first-class**

VOLF is a premium class chair for executive and representative. The Backrest has a curvy shape to embrace a body comfort. The aluminum armrest has a continuous surface flow to give an integral aesthetic harmony between seat and back. It has durable structure to support back and tilt-mechanism. The headrest has a wing shape to embrace a head comfort and has sound absorption from surroundings. A wing of the head also makes it high class position with an aesthetic differentiation. The wood veneer sheet of the back cover gives classic tone and manner for luxurious atmosphere. It has upholstery options for various interior like home, lounge, office, etc.

# LAVO

Elegant task chair at its finest

• Award

**Elaborately engineered,  
Uncluttered-design  
chair that designed  
with user in mind.**

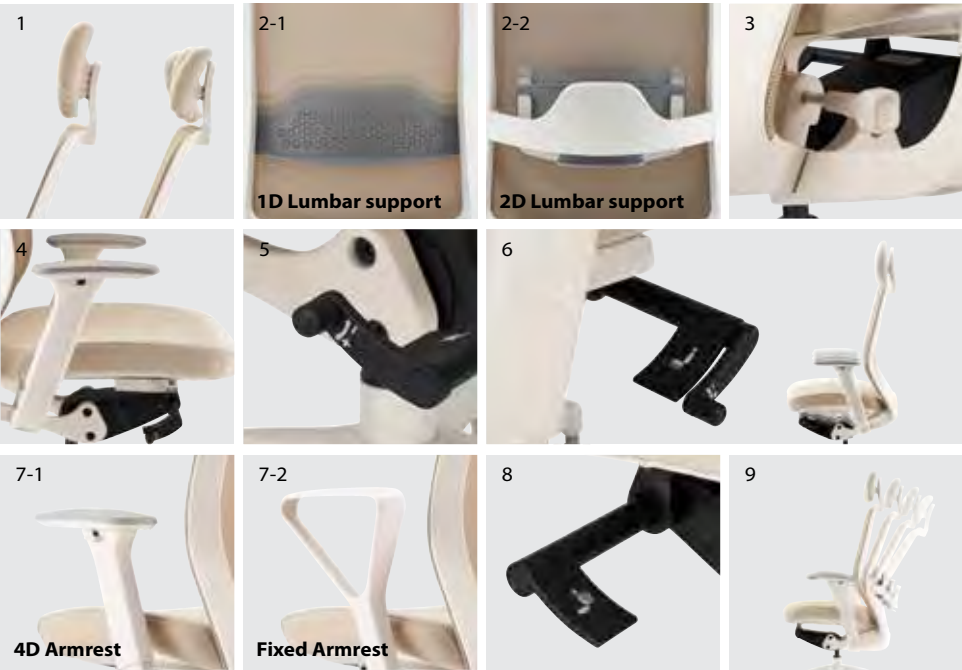

LAVO is an office chair with neat style and cutting-edge functionality. Flawless volume of back gently supports your movement with proper elasticity. It reduces the pressure and yet surprisingly stable.

Inspired by the movement of human body, its headrest with soft cushion stably supports your head, a flexible lumbar support gently supports your waist by following the movement and shape of your spine. Its wide armrest and ergonomic seat allows you a perfect seating experience. Designed with people-friendly ergonomics and contemporary elegance, LAVO effortlessly enhance work environments.

Functions

Point : Task chair that helps furnish all kinds of functions that your work space needs.

LAVO seating family, including side chairs and task chairs, allows you to create a variety of work environments with its ergonomic performances and sophisticated design.

- 2-1 **1D Lumbar support** : Height adjustment by positioning in vertical direction.
- 2-2 **2D Lumbar support** : Height and Depth adjustment by pushing up and down the lever on the bottom side.
- 7-1 **4D Armrest** : Height, Angle, Back & Forth, Left and Right Depth adjustable

Option : Forward tilting function

You can adjust the angle of the seat by pushing the button on the right bottom side.

- 1) It helps you maintain the right posture, even when sitting in a chair and leaning toward the desk.
- 2) you can naturally stretch your spine and reduce abdominal pressure to feel more comfortable seating.
- 3) Its ergonomic tilting setting helps you to take a good seating posture that makes you concentrate on your work more easily.

Task chair  
for  
3 sitting  
type

For good sitting posture  
**Forward tilting position**

01 Forward tilting mode

Push the button in after setting the seat on forward-tilting position

02 Normal mode

Push the button in after setting the seat on normal position

03 Automatic mode  
: Peristaltic movement

Pull out the button to operate the seat and back auto peristaltic movement from / to forward tilting position to / from normal position

+ What are the **benefits of the forward tilt** option if you use **LIBRA chair**?

**1 Better blood circulation**

Straightening the pelvis and spine make blood circulation to the abdominal and back muscles improved.

**2 Better digestion**

With the open trunk / thing posture, there is less pressure on the stomach and intestines.

**3 Easier breathing**

Less pressure on the abdominal cavity also means easier breathing.

# COVE

Cozy and bold style for lounge space

**A cozy and bold-styled chair that complements lounge spaces**

Introducing the COVE lounge chair – a perfect blend of comfort and style. Designed for a soft, inviting aesthetic, COVE boasts smoothly dried cushions that provide a cozy seating experience. With its modular design, you can seamlessly curate a cohesive space by incorporating stools, side chairs, and armchairs into the series. The distinctive feature of separated cushions adds an airy touch, while the bold frame contributes visual contrast and ensures a comfortable grip. Warm colors of mélange knit allows you to fashion a inviting atmosphere in lobbies, lounges, and various relaxation spaces.

Functions

01 Back

Manufactured using high-resilience, foamed sponge, the backrest cushion retains its rounded shape over time, ensuring a comfortable embrace.

02 Seat

The seat panel, crafted from high-resilience foamed sponge, showcases outstanding durability and offers generous width to accommodate a variety of postures.

03 Frame

The backrest and armrests of the chair are firmly secured, ensuring sturdy durability. The handle facilitates effortless maneuvering and offers a comfortable grip for pulling or lifting.

04 Padded armrest

The padded armrests offer ample volume and a soft, comfortable feel that complements the backrest and seat panel.

05 Frame armrest

The casual and lightweight frame armrest is suitable for a cafe atmosphere, providing a convenient handle for picking up or getting up from the chair.

06 Modular structure

The backrest, seat panel, armrests, and lower legs can all be effortlessly detached, making shipping and assembly convenient.
